

Coronavirus Update

Nortech has taken measures to ensure the safety of staff whilst making sure we are still open for business. We have changed the way we operate according to government guidelines and will be running a hybrid team until further updates.

Technical Director Amer featured in Source Security

Nortech's technical director Amer Hafiz discusses the role long-range RFID technology could play as a solution to coronavirus and other potential pandemics.

Visitor Counting Solutions

Nortech has been working with its partners to help limit access to public places. Using standalone counting, this solution will look to help gyms, hotels and retail to automatically manage the flow of customers.
